LION HILL CON. HAS BIG STRIKE

Four and One-half Feet of Sensational Rock Opened for Fifty Feet.

Following is the dally market comment of Paine, Webber & Co. Boston, together with the range of prices of copper stocks and other Boston listings in which the west is interested, as well as a similar report on New York curb transactions, by James A. Pollock & Co., and from which it is secured for use in this department of The Herald

Boston, Oct. 22.—After a little weakness this morning the market came strong and held up to the close. The same buying as yesterday was noted in North Butte the same house taking up to 1,560 shares up to \$5. Copper Range is quiet, but raders are all ready to buy it on any further news from the Globe shaft. We advise its purchase and believe it will cross Amaigamated before election. Shannon was active today and should be bought at once. It is the cheapest of the low priced stocks and will sell at 25 with copper at 15c. We advise buying Miami copper at 15c. We advise buying Miam Bullish reports are being circulated on i and we understand that it will have shar advance. Keep long of Union Pacific Range, North Butte and Shannon.
